# *Iris* Map Maker

There are 36 Districts, 154 Tehsils, 3464 Union Councils and 25,914 Mauzas in Punjab. All units of the province are not equally developed nor have the same human development indicators or other figures. Provincial level averages or sum total could be misleading, tables could be difficult to understand & hardly represent the geographic disparities and imbalance.

*The best way to represent the true picture of this hetrogenous province is a geographical map, with each unit represented separately, either as a bar, density of the colors, figures or all of these.*
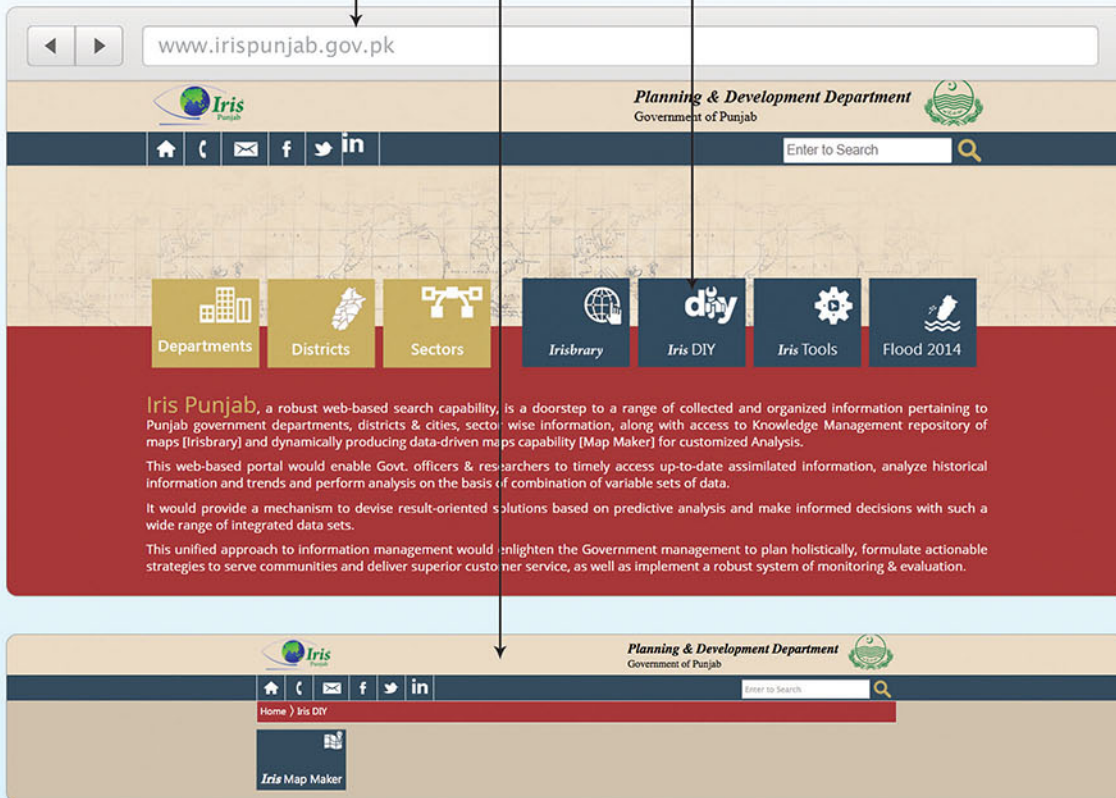

The Urban Unit has developed the *Iris* **Map Maker**, a very simple online tool whereby any one can convert the figures into a map with varying densities.

## This is called The *Iris* Map Maker

# How to make your own
# *Iris* Map

**Step I** >

- Log on to: www.irispunjab.gov.pk
- Click on *Iris* DIY
- Click on *Iris* Map Maker

**Step II** >

- Select the level of map

> District wise
> Tehsil/Town wise
> MNA constituencies wise
> MPA constituencies wise
> U.C constituencies wise
> Mauza Wise

UC & Mauza level maps are available only for individual Tehsils & not for the province

**THE URBAN UNIT**

# *Iris* Map Maker

## Step III

Enter the Title, Name of the Department, Date of Data, Date of presentation etc.

- Choose the intervals you wish to represent
- Choose the color

**Type Indicator Title**
Indicator

☐ Divide By Population
**Select No Of Classes**
Class

**Select Color**
Red

### Table

| Name | Indicator (Population) |
|------|------------------------|
| Attock | 1630 |
| Bahawalnagar | 2683 |
| Bahawalpur | 3391 |
| Bhakkar | 1412 |
| Chakwal | 1351 |
| Chiniot | 1203 |

## Step IV

Enter values in the Table
(Please ensure that all values are same unit)
